

Freezer to Plate Guide

"I love the idea of freezer to plate very much. How wonderful to be able to quickly grab a delicious gourmet dessert from the freezer when needed. Just pop it in the microwave for a few seconds and hey presto, you have a great product to serve with zero waste and zero stress! Save time and money and lower your stress levels. You will love it!"

Alison Taafe

Director, The Institute of Culinary Excellence

Dessert Menu Solutions

Priestley's Gourmet Delights take the challenge out of managing your dessert menu. Simply keep a selection of conveniently pre portioned cakes in your freezer and have them ready to serve in seconds. Set your dessert menu to tempt the tastebuds with no waste and no fuss. You'll be free to spend more time creating sweet success for your business.

Delight your customers with a slice, cake or muffin with their coffee. Defrost for as little as 10 to 20 seconds while you make the coffee for a delicious treat. There's plenty of variety to choose from including an extensive range of gluten free options.

Add some extra amazement to your dessert menu with one of our creative serving suggestions. Find even more inspiration for dessert creations in our video series at priestleys-gourmet.com.au

Microwave Guide

This guide is for defrosting from frozen.

Place a single portion of large cakes with the point facing in to the middle and base of the cake on the outside edge as pictured above. Position square slices, individual cakes and muffins on the outside edge of the microwave plate.

We recommend thawing single serves. Allow to stand for a short period (2 – 3 minutes) before serving. Thawing times are for a 900 watt microwave on high power. Variations may occur. We recommend products thawed in a microwave are served for consumption and not returned to a fridge or freezer.

Heating Guide

Pie Warmer

1. Pre heat pie warmer to 90°C.
2. Place on bottom shelf to bring to serving temperature for 50-60 minutes from frozen.
3. Set pie warmer to holding temperature (>65°C) and move to top shelves.

Oven

1. Pre heat oven to 190°C (or fan forced oven to 170°C).
2. Bake for 10-12 minutes from frozen.

Please note that heating times will vary depending on the oven. Reduce heating time by half if heating from chilled.
